

# OUR COMPANY TODAY

Gazprom Neft PJSC (the Company or Gazprom Neft) is a vertically integrated oil company, primarily engaged in oil and gas exploration and production, refining, and the production and sale of petroleum products.

The Company operates in Russia's key petroleum producing regions, while also maintaining a presence overseas. The core production sites are located in the Khanty-Mansi Autonomous Area, Yamal-Nenets Autonomous Area, Tomsk Region, on the Arctic Shelf, and in the Far East.

The key downstream facilities are based in Russia (Omsk, Moscow, and Yaroslavl regions) and also in Serbia.

Gazprom Neft matches the world's largest oil companies in terms of proved reserves under the PRMS<sup>1</sup>.
