

EVENT OF THE YEAR

# LAKHTA CENTRE

## Construction of the Gazprom Group's headquarters

The year 2018 saw Lakhta Centre, a multifunctional complex and Gazprom Neft's project, put into operation. It was built in record time and is designed to become the Gazprom Group's headquarters.

Lakhta Centre has become a Russian benchmark for global best practice in high-rise construction.

What do architects see when they look at Lakhta Centre?
